CEZARY PACIOREK

FLORIAN POSER – vibes

OLIVER KARSTENS – bass

THOMAS HEMPEL – drums

feat.

CEZARY PACIOREK - accordion

In this group Florian Poser presents his ***VibesTrio*** and the young Polish accordion virtuoso Cezary Paciorek. The combination of the two instruments vibraphone and accordion is absolutely rare and interesting, especially because appearances of the accordion as a jazz instrument are few and far between. But if you are listening to the unbelievable fast jazz runs and amazing block chords which Cezary Paciorek elicits from his instrument with breathtaking speed, you will ask yourself why there are so few jazz musicians who devote themselves to this »big band in a box« with its nearly infinite pool of sounds.

FLORIAN POSER VibesTrio & CEZARY PACIOREK are presenting swinging mainstream jazz of the »American songbook«. In addition to this well-known Brazilian jazz standards and original compositions of the band members will be heard. Beside Cezary Paciorek (accordion) and Florian Poser (vibraphone) Oliver Karstens (bass) and Thomas Hempel (drums) are also members of the group.

So allow yourself to be surprised and forget any prejudices you may have towards the accordion! Marvel at the unbelievable possibilities of this instrument in combination with a fine vibraphone trio presented in this group.
